

Project Proposal
Project- 3, Group-10, Section-A
SportX

Names:

- 1) Gurvender Singh, 2022192
- 2) Gurupriya Vaikundam, 2022191
- 3) Hardik Sachdeva, 2022193
- 4) Hariom Tiwari, 2022194
- 5) Harsh, 2022195

Problem Statement:

- ☐ There are a lot of people who are good at various games but they are not able to find a suitable companion who can play the game at the same level.
- ☐ Introverts are too shy to ask others to play with them.
- ☐ Many times, people are not able to find the right sports complexes near them on the basis of availability, infrastructure, and facilities.
- ☐ It is very difficult to find places to play at odd times of the day, for example late at the night.

Background of the Problem and Motivation:

- ☐ This app will help introverts make new friends and would thus make them socially interactive.
- ☐ By providing players with suitable companions their level of playing the game will improve.
- ☐ It helps in saving time as we can check the availability of complexes and also see whether the game we want to play is vacant or not.
- ☐ Our app will also display the opening and closing times, and other brief information about the complexes.
- ☐ By providing them with partners of the same proficiency level, people will not have to hesitate about how other people would judge them. They can thus play comfortably.
- ☐ People can start to play new games and hence develop many new talents.
- ☐ This app will encourage people to play outdoor games. It will help the kids playing video games to get out of their houses.

Target userbase:

- ☐ Sports lovers
- ☐ Teenagers
- ☐ College students
- ☐ Professional players
- ☐ Tournament organizing bodies

Aspects That the Solution Will Cover and the Scope of the Project:

- ☐ Children nowadays are busy playing online video games. This app will help them to switch to reality from a virtual world.
- ☐ Our app will be connected to maps that will show the nearby complexes and will also specify the availability of games.
- ☐ Our app will indirectly also help the youth to become fit and healthy. Playing outdoor sports also has other benefits like sharpening the mind, relieving stress, etc.
- ☐ Our app will take into account the safety measures taken by sports complexes like the availability of first aid kits, supervisors for certain sports, gym trainers, lifeguards for swimming pools, etc.
- ☐ There will be mentors and coaches for each sport that will help the people to improve their games.
- ☐ We can collaborate with cab services that will make it easy for the people who live far from the complexes to reach on time.
- ☐ Our app will display the ratings of the different sports facilities in different complexes and thus it will make it easy for the customers to compare and choose the best and most affordable ones out of them.
- ☐ It will also display various contests, tournaments, and fests that are happening at the moment and other upcoming events.
